## 2015 Library Programs – Let's **MAKE: STΣ@M** styled projects!

### Brush Bot

\$215 (Mon-Thurs), 60-90 Min, up to **20 participants**

Our Brush Bot program pairs children with a toothbrush, vibrating motor and coin cell battery. Unlike regular packaged kits, the children will 'break' the toothbrush down to size and run the actual wires from the coin cell to the motor. No Soldering.

### Battle Bots

\$215 (Mon-Thurs), 60-90 Min, up to **20 participants**

Participants will use pre-formed plastic and electronics to create their very own battle bot. They will pick their 'battle' armament and face off in our battle arena. Sensors on the battle bots automatically disable the robot to declare a winner. No Soldering

### Solar Powered Bot

\$215 (Mon-Thurs), 90 Min, up to **15 participants**

Each participant will build AND go home with their own mechanical solar powered robot. We offer a very popular 6-in-1 solar kit. Each robot can be made from the same kit. The fun can continue long after the program ends. Additional kits are \$5 per kit.

### LED Night Light Art Kit

\$215 (Mon-Thurs), 90 Min, up to **18 participants**

Each participant will construct their own LED art frame, complete with battery kit, wiring and multi colored LED's. Can be used as an art frame or night light.

### Enviro Battery Project

\$225 (Mon-Thurs), 90 Min, up to **18 participants**

How does electricity come out of the wall? Learn about ions with this simple hands on experiment you take home. Power a small clock independently and then work with your team to power a light and ultimately a speaker!

### Blinky Bug

\$215 (Mon-Thurs), 60-90 Min, up to **20 participants**

Participants will use coin cells, LED lights, wiring, tubing, chenille stems and a variety of tools to make these stationary bugs. Lights activate through antennas on bug! Great for the younger participants. No Soldering

### Spider Bot

\$225 (Mon-Thurs), 90 Min, up to **15 participants**

Each participant will construct their own creepy crawly spider robot. Battery powered (included) with adjustable legs to control the pace and treads. Additional kits are \$5.

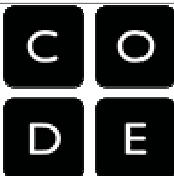

### LED Flicker Flame

\$225 (Mon-Thurs), 90 Min, up to **15 participants**

Can be used inside a carved pumpkin or as a 'safe' candle. Participants will learn about and use circuit breadboards, candle flickering LEDs, ohm (Ω) resistors and wire jumpers. Additional kits are \$5.

## Computer Coding and Game Design

**Learn To Code (L2C)** \$200 (Mon-Thurs), 60-90 min, up to **20 participants**  
**L2C + Game Design** \$235 (Mon-Thurs), 2 Hours, up to **20 participants**  
*Both programs come with Hour Of Code certificates*  
 Join our Certified Google Admin as participants navigate their first 'Hour Of Code.'  
 L2C with Game Design is for older teen participants only. We use library computers.

## Classic Fun and Game Consoles: Xbox, Wii, Minecraft

**Wii (Nintendo)** \$165 (Mon-Thurs), 90 Min, up to **20 participants**  
*Up to 4 Players at Once, head-to-head modes: Wii Sports, Super Smash Brothers, Mario Kart & more!*  
**XBox 360 KINECT** \$165 (Mon-Thurs), 90 Min, up to **20 participants**  
*Kinect Full Body motion tracking: head to head dancing or 6 on 6 sports*  
**Flight Sim with Flight Sticks** \$165 (Mon-Thurs), 90 Min, up to **20 participants**  
*4 Players fly head-to-head usin flight controls to take to the skies in multiplayer actions*  
**Minecraft** \$175 (Mon-Thurs), 2 Hours, up to **20 participants**  
*Please note, we do not provide computers or tablets—the library must have the necessary software.*

### Tournament

\$225 (Mon-Thurs), 2 Hours  
 3 Gaming Consoles—round robin  
 Non-Elimination Style Highest Point Scoring  
**\*\* Any game title requested, we provide!\*\***

## Professional & Interactive – Professional Parties

	<b><u>DJ/Music Party</u></b> Professional DJ, music, games, follow me with participant appropriate music. <b>Compliments NYS Level 1 Arts in Education Requirements</b>	\$175 (Mon-Thurs), 90 min,	<b>No Limit</b>
	<b><u>Karaoke Idol</u></b> Over 40,000 songs from yesterday to today! Sing individually or in groups! CD Recording option available based on library policy.	\$175 (Mon-Thurs), 90 min,	<b>No Limit</b>
	<b><u>Make Your Own—Airbrush T-Shirt</u></b> We come with stencils, airbrush paints and all the gear needed to leave with your very own T-shirt that YOU airbrushed! We'll keep your library clean!	\$175 (Mon-Thurs), 90 min,	up to <b>18 participants</b>
	<b><u>Make Your Own—Tie Dye T-Shirt</u></b> Take one of our new white shirts and turn it into a rainbow masterpiece that you created! Shirts and Supplies included.	\$175 (Mon-Thurs), 90 min,	up to <b>18 participants</b>
	<b><u>Make Your Own—Stuffed Animal</u></b> Design, Create, and Stuff your very own to keep! No Scissors, Sewing or Ironing! We can theme in conjunction with holidays if desired.	\$175 (Mon-Thurs), 90 min,	up to <b>20 participants</b>
	<b><u>Make Your Own—Face In The Cake</u></b> Participants will design with various confectionary ingredients on their own 8" Entenmann Brand Cake with a digitally printed edible picture of themselves. All inks are EDIBLE! Additional participants are \$5 per.	\$175 (Mon-Thurs), 90 min,	up to <b>15 participants</b>

**Use Augmented Reality  
 to make your library come alive...now and through 2015!**

Do you want to make your summer reading program come alive?  
 How about the painting and artwork on your library walls?

Do you have an Apple or Android smart phone? Tablet? Do your patrons?

This interactive exhibit app, free for ANY type of use, will turn your library into a true interactive media center utilizing equipment you and your patrons already have.

Learn how Augmented Reality can be implemented in your library, today, FREE, stop by our web site and check out the video.

[AuRe@L \(Augmented Reality at Libraries\)](#)

**Do you want to augment your MakerSpace? Items to purchase for your space...**

These 3D printers come completely assembled, out of the box. However, we do provide install services. 2 X-treme, Inc. provides complete set up, sample 3D files, software and starter presentation, at \$75 per hour.

**\$500 - 3D Printer**

Single (1) Color  
 da Vinci 1.0

Prints 150 mm/s  
 Nozzle 0.4 mm  
 Filament 1.75 mm  
 ABS Plastic

Build Volume:  
 7.8" x 7.8" x 7.8"  
 Overall Dimension:  
 18.4" x 22" x 20"

**\$650 - 3D Printer**

Dual (2) Color  
 da Vinci 2.0

Prints 150 mm/s  
 Nozzle 0.4 mm  
 Filament 1.75 mm  
 ABS Plastic

Build Volume:  
 5.9" x 7.8" x 7.8"  
 Overall Dimension:  
 18.4" x 22" x 20"

**\$TBD Studio / Podcasting**

We provide a Blue Yeti Mic,  
 Pop Filter and Windscreen.  
 Licensed DJ Mixing Software  
 Open Source Recording Software,  
 setup & startup instructions,  
 conversion to mp3 process,  
 unlimited web host provider...

You provide the computer  
 (or we can source from Dell/Apple)

If you have the equipment/software, we'll explain the process.

**\$100 (10 Modules) - \$3299 (264 Mods)**

With 100's of combo's  
 and price points you can  
 outfit your makerspace  
 with the easiest, most  
 extensive way to learn &  
 prototype with  
 electronics. Check out  
 Our ever-growing library  
 of electronic modules,  
 ranging from simple  
 sensors to complex  
 programming.

**More on the Web - Make any existing projector & wall a portable interactive whiteboard: \$400.00**
